## ASHBURN PLACES 7TH AT ROUND 4 OF THE SPRINT ENDURO

### **Kenda Full Gas Sprint Enduro Round 4 Overview**

**Location:** Wellston, Ohio

**Course Conditions:** Hot & dry with loamy soil in some of the tight wooded sections.

**Beta Factory Race Team Results:**

- Jordan Ashburn finished in 7th place at round 4 and is in 6th place in the season points standings.
- Mike Witkowski placed 10th at the event and is currently seated in 8th place for the overall season points standings.

The next race for Ashburn & Witkowski will be at Round 9 of the GNCC series on June 23th.

## JORDAN ASHBURN

**Bike:** Beta 430 RR Race Edition

"I felt strong all weekend and pushed hard to be competitive with the stacked competition. I achieved a couple top 3 finishes. The track conditions were fast. The cross test had a lot of fast off cambered turns and a small Enduro cross section. The Enduro test was fast and tight in sections with lots of small undergrowth. I felt good and strong throughout each test, but with just a few seconds here and there and a couple of good crashes, my over all time left me at 7th overall for the weekend."

## MIKE WITKOWSKI

**Bike:** Beta 250 RR Race Edition

"The Full Gas Sprint Enduro Series is definitely one of the best series. I had an absolute blast riding my Beta through the technical terrain this weekend. I had some really good tests. I won many tests in the Pro 2 division (250 pro class that I'm not eligible to race this year). For the weekend I would've ended up 2nd in pro 2 class (Not far out of the win). But I was still happy to compete putting in test times against the 450 riders. Day 2 was personally my best day. I rode consistent and had a blast. In the end we didn't have the overall result we wanted, but with some minor issues on day 1, I was happy to come into day 2 with better results and end my last test with one of my best test times."

## GERSTON PLACES 2ND AT THE MAD MOOSE EXTREME ENDURO

### Mad Moose Extreme Enduro

**Location:** Marquette, Michigan

**Course Conditions:** Large logs, slippery rocks, and hot weather.

**Beta Factory Race Team Results:**

- Max Gerston placed 2nd at the event.

The next race for Gerston will be at Round 6 of the WHS series on June 23th.

For more information about the WHS series go to: [www.westhairescramble.com](http://www.westhairescramble.com)

---

## MAX GERSTON

**Bike:** Beta 300 RR Race Edition

"The super tight fresh trails of MI proved to be extremely tough for this Arizona boy. I pushed all day and had a great place through the extreme sections and ended up 2nd place. The slippery rocks and roots made for a great time and I loved my 300rr. This was a great race to help prepare for TKO and I'm looking forward to the rest of the race year."
